Community Requests

name: Karen & Jack Gold

email: kgold1260@yahoo.com

topics: A few years ago we were dealing with Ed Blowers. We've tried getting in touch with him but no reply. Maybe you can help...we donated a bunch of my dads tools & wood, we have more wood and would like to know if you can use it or if any other woodworker could. We know there's oak in the bunch. Some has been planed, others are still rough. My dad used to get good pallet wood, cut the pieces, plane & glue. Some are finished. If anyone can use it we have it in our truck & can deliver it. We really hate to throw it out in a dump. There are so many crafts that can be created from it. I hope we hear from someone soon. Thank you. Karen & Jack Gold

Please contact Bill Scudder for further information if interested in helping with any of these requests
